This is to certify that I have never tried to commit suicide, I do not receive psychiatric treatment and I do not suffer from schizophrenia or from epileptic fits.

I take note that I can stop participating in the suggested exercises whenever I feel the need, that is to say – at any moment of the whole tour. I am entirely responsible for my conduct and behaviour. I will be fully liable for any damage or injury I caused – intentionally or not.

I exempt the association "OASIS", Margot Anand, Eric Grange as well as their potential assistants from any civil liability and moral responsibility. This is perfectly valid for my legal successors and my family members, too.

I know that an insurance that covers my cost of assistance, including repatriation, in the event of accident or sickness(hospital care) is not included in the price of the Round Bali Tour. Therefore I am responsible myself for taking out such an insurance.
